2 YEAR HEALTH GUARANTEE AGREEMENT

Due to all the varying kinds of food and different environmental conditions the puppies come in contact with and the fact that all puppies have immune systems that take time to mature, we use highly recommended NuVet Plus immune system builder to help pets maintain optimal health. We are so confident NuVet Plus will benefit your new puppy; **we will provide a 2-year health guarantee.**

To qualify for the health guarantee, you must give your new puppy NuVet Plus, using the manufacture's recommended daily dosage for the entire 2-year guaranteed period. Failure to do so makes this guarantee extension null and void. We also highly recommend you continue to give your pet NuVet Plus beyond the guarantee period to promote optimal health for a lifetime.

WHY NUVET PLUS?

As a quality breeder my highest priority is the health of the dogs. Part of that responsibility includes doing everything possible to assure their wellbeing after they go to a new home. Your puppy is being given NuVet while in our care therefore we do not want them to miss a day of it after they leave to a new family.

When a puppy is moved away from its mother and siblings to live with its new family, the immune system is weakened by the stress of adoption and exposure to bacteria and viruses in its new home. So, starting NuVet now is important to helping your puppy grow into a healthy adult and beyond. The best way to prevent illness during this critical time is to provide the nutritional support required for proper immune system function. **Please place your order here www.nuvet.com/61175 or call (800)474-7044 (8-4 PST) – Use reference code 61175**

If buyer discovers a hereditary health issue, the seller will be responsible for replacing the puppy with a canine of similar value in sound health or reimburse no more than the original full amount, provided the buyer presents proof from their local vet.
